**Spark Your Imagination - SUPER Story Starters**  
 Another mom-made creation from our friends at Spark - the *SUPER Story Starters* are the 'little sister' to the original product which started it all. A deck of cards geared towards problem-solving, getting creative, and letting your child's imagination explore. Ideal for children aged 3 and up, the SUPER series was created for parents looking for a product with visual cues for the younger child, the non-verbal child, and the special-needs child. Each SUPER Story Starters deck includes twenty-four 4x6 inch cards and retails for around \$12. Many retailers on the Island now carry Spark.
